

Welcome to Music Against Cancer (Musik Mot Cancer or MMC)

First of all we would like to apologise that the whole site is not translated to English, but we couldn't envisage that our event and auction would attract so much interest from outside of Sweden and we don't have enough time to translate everything before the auction on the 16th of November 2014. We are hugely grateful for the interest from our brothers and sisters around the world who want to help in the fight against cancer!

Music Against Cancer is a non-profit organization with a large collection of signed musical instruments and memorabilia that will be auctioned off at Folkets Hus Kulturhuset (People's House of Culture) in Trollhattan, Sweden on Sunday, November 16, 2014 between the hours. 2:00 p.m. to 20:00.

The auction will be carried out for the benefit of Children's Cancer Foundation West and the Children's Department at the local hospital NÄL, which means that all the money collected at the auction will be distributed between these two well deserving organizations. The event is conducted by the non-profit Music Against Cancer (Musik Mot Cancer or MMC) organization Trollhättan.

On the 16th of November 2014 our event will also include one of Sweden's biggest bring & buy music markets plus a live show with some of Sweden's biggest artists.

You can also take part in the online auction that started on the 24-10-2014, where you need to register before you can bid, after you have registered you can bid on all signed musical instruments and memorabilia.

To register go to the In English page on our website [www.musikmotcancer.se](http://www.musikmotcancer.se) and follow the instructions there. This will then take you to the registration page where you can choose your language for the online auction. Then all you have to do is follow the auction instructions to be able to place a bid on one or more of the signed musical instruments or memorabilia. If you have any questions please contact us via our F.A.Q page.
